## The Anaesthetist's Role in TEER

### Save the date

Join us for a one-day event designed for anaesthetic consultants and senior trainees supporting Transcatheter Edge-to-Edge Repair (TEER) procedures.

This focused event will provide practical insights into:

- TEER as a treatment option and its implications for perioperative care
- Best practice anaesthetic protocols
- Patient selection and optimisation for safe, efficient outcomes
- Managing TEER-specific anaesthetic challenges, including sedation, monitoring, and team collaboration
- The evolving role of day case TEER

This is a valuable opportunity to deepen your TEER knowledge, connect with peers, and explore innovations that enhance patient care and procedural efficiency.
