ACTACC WEBINAR SERIES

episode 5 hosted by
Manchester University NHS FT

APPROVED FOR 2 CPD POINTS

Tuesday 1st July 2025
19:00 - 21:00

Virtual meeting via
Zoom

contact: info@actacc.org

Topics will cover advanced heart failure and the cardiac transplant service; organisational and departmental challenges faced during a recent merger, which will be informative for other trusts planning a similar development; advice on VV-ECMO decision making; the success of the multi-disciplinary one-stop lung cancer clinic the outcomes; the management of atrial fibrillation in unstable patients, with reference to the recently updated 2024 European Society of Cardiology guidelines.

Talks

- Referrals for Advanced Heart Failure - **Dr Jacquelyn Hooper**
- Manchester City United - **Dr Andrew Davies**
- Management decisions for patients receiving VV-ECMO - what would you do? - **Dr Mike Charlesworth**
- Optimising Outcomes in High-Risk Patients with Early-Stage Lung Cancer: The GM One-Stop Lung Cancer Clinic - **Dr Matt Evison**
- AF Management in Unstable Patients - **Dr Ian Temple**
