

Transoesophageal echocardiography – a clinical course

Thurs 12th & Fri 13th March 2026

HOSTED AT GOLDEN JUBILEE CONFERENCE HOTEL

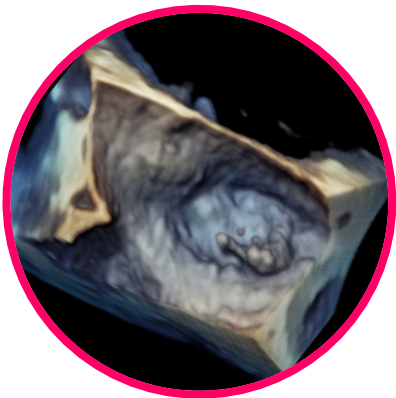

OUTLINE

A new two-day course aimed at members of the heart team involved in transoesophageal echocardiography. There will be a mixture of lecture-based teaching, simulation for hands-on practice, workstations for post-processing, and a variety of vendor platforms to explore.

TOPICS

Course will focus on clinical topics, supporting delegates to understand underlying anatomy and physiology of structural heart disease moving from basic to more complex transoesophageal echocardiography.

WHO

Cardiologists, cardiac anaesthetists, critical care clinicians & echocardiographers. Prior TOE experience is essential.

6 British Society of Echocardiography reaccreditation points awarded

PRICE

£390

£290 for fellows/residents/physiologists

Lunch and refreshments provided throughout day
